

Equinox Gold and Orla Mining Complete Business Combination, Creating North America's New Senior Gold Producer

- Combined company anticipated to produce 1.1 million ounces of gold annually
- Clear path to more than 1.9 million ounces through high-quality North American growth projects
- Planned Chief Executive Officer succession positions the Company for its next phase of growth

July 31, 2026 – Vancouver, BC – Equinox Gold Corp. (TSX: EQX, NYSE American: EQX) (“Equinox Gold” or the “Company”) and Orla Mining Ltd. (TSX: OLA; NYSE American: ORLA) are pleased to announce the successful completion of their previously announced business combination (the “Transaction”), creating North America's new senior gold producer. The combined company is expected to produce approximately 1.1 million ounces of gold annually¹, with a clear path to more than 1.9 million ounces² as its high-quality North American growth projects are developed. The combined company brings together a portfolio of high-quality producing mines, a peer-leading pipeline of growth projects, substantial free cash flow generation and highly experienced leadership and technical teams.

Upon closing of the transaction, Ross Beaty has stepped down as Chairman of the Board and has been appointed Chairman Emeritus and Special Advisor to the Board. Chuck Jeannes has been appointed incoming Chairman of the Board.

Ross Beaty, retiring Chairman of Equinox Gold, stated: “When we founded Equinox Gold just over eight years ago, we set out to build a company that would become a leading gold producer. It has been immensely rewarding to see that vision take shape, culminating in our combination with Orla, which now positions Equinox Gold as a senior gold mining company with tremendous potential for further growth. While I am stepping down as Chairman, I am not stepping away, and I look forward to contributing to the company's continued success as Special Advisor to the Board. I want to sincerely thank my fellow directors, our employees, our shareholders, and the communities where we operate for their trust and support. Building companies is always a team effort. I am proud of what we have accomplished together and excited to see the Company continue to grow, create value, and seize the opportunities ahead.”

Chuck Jeannes, incoming Chairman of Equinox Gold, commented: “The completion of this combination marks the beginning of an exciting new chapter for Equinox Gold. Together, we have created North America's new senior gold producer with over 60% of production coming from three long-life mines in Canada, complimented by a portfolio of high-quality operations, a compelling pipeline of growth projects and the financial strength to create long-term value for all shareholders. I am honoured to assume the role of Chairman at this important moment in the Company's evolution.

“Realizing the full potential of this combination requires stability in leadership. Following the extraordinary growth Equinox Gold has achieved over the past year and the successful completion of this transformational combination, it is essential the Company enter its next chapter with a leadership team committed to guiding the business over the long term.

“In this context, Darren Hall has decided to retire from Equinox Gold effective October 31, 2026. Darren has played a critical role during an extraordinary period of growth and transformation for the Company, culminating in the completion of this combination and the creation of a stronger, more diversified North American senior gold producer. Over the next three months Darren will work closely with Jason Simpson to ensure a smooth and orderly transition, after which Jason will assume the role of Chief Executive Officer. On behalf of the Board, I want to thank Darren for his exceptional leadership and the important role he has played in helping transform Equinox Gold into the company it is today.

“Having worked closely with Jason during a sustained period of growth and success at Orla, I have every confidence in Jason's ability to lead Equinox Gold through this next chapter. He understands the business and has earned the respect of teams across the organization, and shares an unwavering commitment to our values, our people and our long-term vision.

¹ Mid-point of Equinox Gold's and Orla's 2026 guidance, on a full-year basis, as further detailed in the Equinox Gold news release dated January 14, 2026 and the Orla news release dated January 20, 2026, respectively.

² Anticipated production growth comes from completion of the Valentine Phase 2 expansion (Canada) and with Castle Mountain (USA), South Railroad (USA), Los Filos (Mexico) and Camino Rojo underground (Mexico) in production and operating in line with expectations outlined in current technical reports, which technical reports are available under the respective SEDAR+ profiles of Equinox Gold (in the case of Valentine, Castle Mountain and Los Filos) and Orla (in the case of South Railroad and Camino Rojo).

Jason brings the leadership, discipline, ambition and experience required to capitalize on the many opportunities ahead and I am excited to see the Company continue to grow and succeed under his leadership.

"I also want to thank Ross Beaty for his leadership, vision and countless contributions as the founder of Equinox Gold. His continued involvement as Special Advisor to the Board will provide valuable continuity as we move forward.

"Equinox Gold enters the next phase from a position of strength, with a diversified portfolio of high-quality assets, an unmatched pipeline of growth opportunities, and with the team and financial capacity to execute on this incredible opportunity for value creation. I look forward to working with my fellow directors, management and employees to build on the strengths of both companies, execute our strategy and realize the significant opportunities this combination has created."

Darren Hall, CEO of Equinox Gold, commented: "Building Equinox Gold into a senior producer has been the privilege of my career. I am proud of what this team has accomplished together, and am confident Jason will lead the company through an exceptional next chapter. This is the right moment for this transition, and I leave knowing the Company is in very good hands."

Equinox Gold's reconstituted Board now consists of: Chuck Jeannes (Chairman), Lenard Boggio (Lead Director), Tamara Brown, Omayya Elguindi, Douglas Forster, Darren Hall (CEO), Blayne Johnson, Rob Krcmarov, Jason Simpson (President), David Stephens and Mike Vint.

Equinox Gold will provide additional information about the proforma benefits of the Transaction, including consolidated 2026 guidance, when it reports its second quarter financial and operating results after market on Wednesday, August 5, 2026.

Equinox Gold intends to cause Orla to (i) delist the Orla shares from the Toronto Stock Exchange and NYSE American Stock Exchange, (ii) apply to cease to be a reporting issuer, and (iii) otherwise terminate its public company reporting requirements as soon as possible.
